

Hot art tip from Albert Einstein (really)

Fellow art lover,,

I'm curious . . . how much mystery do you like in artwork?

['Nest at Night'](#)

Oil painting by Holly Van Hart

I happen to be fascinated by mysterious art. So was Albert Einstein, apparently, who said -

“The most beautiful thing we can experience is the mysterious. It is the source of all true art and science.”

How about you - where do you rate yourself on the art mystery scale? We'd love to know.

Give yourself a 10 for being like Albert (mystery to the max), 0 for 'realism only, please' or pick any number in between. Please hit reply or [comment in my blog](#).

Thanks so much for your interest and for sharing :)

Warmest regards,  
Holly
